

COSMIC
POA TRIVIALIS BRAND

- DARK GREEN COLOR
- HIGH TURF QUALITY
- SMOOTH TRANSITION
- UNIFORM AND DENSE TURF

OUT OF THIS WORLD QUALITY

Cosmic is a unique blend of Laser and Starlite II poa trivialis varieties. Starlite II offers excellent turf quality, a dark green color and fast establishment. Laser germinates quickly, tolerates low-mowing and is cold-tolerant. It also retains its color in the cooler weather. **Cosmic** combines the best traits of these two varieties to create a blend that is greater than the individual varieties. **Cosmic** is ideal for overseeding warm-season tees, greens and other areas where high turf quality is desired.
